Preamble

There seems to be confusion on the index rate for 2019 and the impact of the Patient support programs (BASMAH & HCV) on the index rate. This procedural notice intends to clarify that effective January 1st 2019 the index rates for PIs is their existing submitted index rate in the year of 2018 in addition to AED 37 + VAT for the support programs.

This is applicable to all new and renewed policies effective January 1st 2019. This is not a new notification, or an update; but a reiteration and clarification of the index rate for 2019, this applies to all facilitation agreements as well.
